Event: SPIE Asia-Pacific Remote Sensing, 2010, Incheon, Korea, Republic of

PROCEEDINGS OF SPIE

Remote Sensing and Modeling of the Atmosphere, Oceans, and Interactions III

**Tiruvalam N. Krishnamurti
Jhoon Kim
Takashi Moriyama**
Editors

**13–14 October 2010
Incheon, Korea, Republic of**

Sponsored by
SPIE

Cosponsored by
Korea Ocean Research & Development Institute (Korea, Republic of)
Korea Ocean Satellite Center (Korea, Republic of)
Ministry of Land, Transport and Maritime Affairs (Korea, Republic of)
Incheon Metropolitan City (Korea, Republic of)
Incheon Tourism Organization (Korea, Republic of)
National Aeronautics and Space Administration (United States)
National Institute of Information and Communications Technology (Japan)
Science Technology Corporation (United States)
Indian Space Research Organization (India)
Indian National Centre for Ocean Information Services (India)

SPIE

Volume 7856

Proceedings of SPIE, 0277-786X, v. 7856

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

The papers included in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. The papers published in these proceedings reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from this book:

Author(s), "Title of Paper," in *Remote Sensing and Modeling of the Atmosphere, Oceans, and Interactions III*, edited by Tiruvalam N. Krishnamurti, Jhoon Kim, Takashi Moriyama, Proceedings of SPIE Vol. 7856 (SPIE, Bellingham, WA, 2010) Article CID Number.

Copying of material in this book for internal or personal use, or for the internal or personal use of specific clients, beyond the fair use provisions granted by the U.S. Copyright Law is authorized by SPIE subject to payment of copying fees. The Transactional Reporting Service base fee for this volume is \$18.00 per article (or portion thereof), which should be paid directly to the Copyright Clearance Center (CCC), 222 Rosewood Drive, Danvers, MA 01923. Payment may also be made electronically through CCC Online at copyright.com. Other copying for republication, resale, advertising or promotion, or any form of systematic or multiple reproduction of any material in this book is prohibited except with permission in writing from the publisher. The CCC fee code is 0277-786X/10/\$18.00.

Printed in the United States of America.

Publication of record for individual papers is online in the SPIE Digital Library.

SPIDigitalLibrary.org

Paper Numbering: Proceedings of SPIE follow an e-First publication model, with papers published first online and then in print and on CD-ROM. Papers are published as they are submitted and meet publication criteria. A unique, consistent, permanent citation identifier (CID) number is assigned to each article at the time of the first publication. Utilization of CIDs allows articles to be fully citable as soon they are published online, and connects the same identifier to all online, print, and electronic versions of the publication. SPIE uses a six-digit CID article numbering system in which:

- The first four digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc.

The CID number appears on each page of the manuscript. The complete citation is used on the first page, and an abbreviated version on subsequent pages. Numbers in the index correspond to the last two digits of the six-digit CID number.

Contents

v	<i>Symposium Committees</i>
vii	<i>Conference Committee</i>

SESSION 1 CLOUDS AND PRECIPITATION

- 7856 04 **Daily precipitation analysis of using a dense network of rain gauges and satellite estimates over South Asia: quality control** [7856-03]
A. Yatagai, Research Institute for Humanity and Nature (Japan); K. Kamiguchi, Meteorological Research Institute (Japan); A. Hamada, Research Institute for Humanity and Nature (Japan); O. Arakawa, Meteorological Research Institute (Japan); N. Yasutomi, Research Institute for Humanity and Nature (Japan)
- 7856 05 **Instantaneous vertical profiling of precipitation using passive microwave radiometers (Invited Paper)** [7856-04]
Z. S. Haddad, Jet Propulsion Lab. (United States); K.-W. Park, Joint Institute for Regional Earth System Science and Engineering, Univ. of California, Los Angeles (United States)
- 7856 06 **A principal component-based radiative transfer forward model (PCRTM) for vertically inhomogeneous cloud (Invited Paper)** [7856-05]
H. Li, X. Liu, NASA Langley Research Ctr. (United States); P. Yang, Texas A&M Univ. (United States); D. P. Kratz, NASA Langley Research Ctr. (United States)
- 7856 07 **Detection of cirrus based on refractive index using MODIS data** [7856-06]
S. Hong, I. Shin, W. Yun, Korea Meteorological Administration (Korea, Republic of)

SESSION 2 AEROSOLS AND CLOUDS

- 7856 09 **Validation of the dust layer structure over the Taklimakan Desert, China, by the CALIOP space-borne lidar using ground-based lidar: Part II (Invited Paper)** [7856-09]
Y. Jin, K. Kai, T. Shibata, Nagoya Univ. (Japan); K. Zhang, Cold and Arid Regions Environmental and Engineering Research Institute (China); H. Zhou, Xinjiang Institute of Ecology and Geography (China)
- 7856 0B **Red tide detection by means of peak shift of remote sensing reflectance and possibility of red tide detection with polarized radiance measurements (Invited Paper)** [7856-11]
K. Arai, Y. Terayama, Saga Univ. (Japan)
- 7856 0D **Observation-based estimation of cloud-top height by geostationary satellite split-window measurements trained with CloudSat data** [7856-13]
A. Hamada, Research Institute for Humanity and Nature (Japan); N. Nishi, Kyoto Univ. (Japan)
- 7856 0E **Impact of carbonaceous aerosols on Indian monsoon rainfall (Invited Paper)** [7856-14]
H. Fatima, H. C. Upadhyaya, O. P. Sharma, Indian Institute of Technology Delhi (India)

SESSION 3 CLIMATE REMOTE SENSING AND MODELING

- 7856 OG **Downscaled multi-model superensemble and probabilistic forecasts of seasonal rains over the Asian monsoon belt (Invited Paper)** [7856-16]
T. N. Krishnamurti, V. Kumar, The Florida State Univ. (United States)
- 7856 OI **Using water vapor measurements from hyperspectral advanced IR sounder for tropical cyclone forecast (Invited Paper)** [7856-18]
J. Li, Univ. of Wisconsin-Madison (United States); H. Liu, National Ctr. for Atmospheric Research (United States); J. Li, Univ. of Wisconsin-Madison (United States); T. J. Schmit, Ctr. for Satellite Applications and Research, NESDIS/NOAA (United States)

SESSION 4 MONSOON AND TROPICAL CYCLONE APPLICATIONS

- 7856 OL **Sensitivity of target size, pixel selection, and height assignment in satellite-derived atmospheric motion vectors** [7856-24]
J.-H. Park, S. Kim, M.-L. Ou, Korea Meteorological Administration (Korea, Republic of); H.-J. Cho, Seoul National Univ. (Korea, Republic of)
- 7856 OM **Dual-frequency radar (DPR) and the global precipitation measurement (GPM) in Japan (Invited Paper)** [7856-25]
K. Nakamura, Nagoya Univ. (Japan); R. Oki, Japan Aerospace Exploration Agency (Japan); T. Iguchi, National Institute of Information and Communications Technology (Japan)

POSTER SESSION

- 7856 OO **Study on X-band polarization ratio with TerraSAR-X images** [7856-28]
Y. Ren, Ocean Univ. of China (China) and Ctr. for Earth Observation and Digital Earth (China); S. Lehner, German Aerospace Ctr. (Germany); M. He, Ctr. for Earth Observation and Digital Earth (China)
- 7856 OP **Internal wave location and parameters estimation from ENVISAT SAR images** [7856-29]
L. Ren, The Second Institute of Oceanography, SOA (China) and Nanjing Univ. of Science and Technology (China); D. Pan, X. He, Z. Hao, D. Wang, Nanjing Univ. of Science and Technology (China)

Author Index

Symposium Committees

Symposium General Chairs

Upendra N. Singh, NASA Langley Research Center (United States)
Yu-Hwan Ahn, Korea Ocean Research & Development Institute (Korea, Republic of)

Symposium General Cochairs

Toshio Iguchi, National Institute of Information and Communications Technology (Japan)
A. S. Kiran Kumar, Space Applications Center (India)
Delu Pan, State Oceanic Administration (China)

Symposium Honorary Chairs

Michael Freilich, NASA Headquarters (United States)
Mary Ellen Kicza, National Oceanic and Atmospheric Administration (United States)
Takashi Moriyama, Japan Aerospace Exploration Agency (Japan)
Ranganath R. Navalgund, Space Applications Center (India)
Shailesh R. Nayak, Ministry of Earth Sciences (India)

Symposium Technical Program Chairs

Robert J. Frouin, Scripps Institution of Oceanography, University of California, San Diego (United States)
Vaddadi Jayaraman, Indian Space Research Organisation (India)
Kohei Mizutani, National Institute of Information and Communications Technology (Japan)

Symposium Steering Committee

Upendra N. Singh, *Chair*, NASA Langley Research Center (United States)
George J. Komar, *Cochair*, NASA Goddard Space Flight Center (United States)
Kazuhiro Asai, Tohoku Institute of Technology (Japan)
Robert J. Frouin, Scripps Institution of Oceanography, University of California, San Diego (United States)
Jack A. Kaye, NASA Headquarters (United States)
A. S. Kiran Kumar, Space Applications Center (India)
Delu Pan, State Oceanic Administration (China)
Jinxue Wang, Raytheon Company (United States)

Symposium International Organizing Committee

Yu-Hwan Ahn, Korea Ocean Research & Development Institute (Korea, Republic of)

Jinyu Cheng, Chinese Society of Oceanography (China)

Adarsh Deepak, Science and Technology Corporation (United States)

Ramesh K. Kakar, NASA Headquarters (United States)

Teruyuki Nakajima, The University of Tokyo (Japan)

Haruhisa Shimoda, Japan Aerospace Exploration Agency (Japan)

Lelia B. Vann, NASA Langley Research Center (United States)

Conference Committee

Conference Chairs

Tiruvalam N. Krishnamurti, The Florida State University (United States)
Jhoon Kim, Yonsei University (Korea, Republic of)
Takashi Moriyama, Japan Aerospace Exploration Agency (Japan)

Program Committee

Shu-Hua Chen, University of California, Davis (United States)
Syed Ismail, NASA Langley Research Center (United States)
Chandra M. Kishtawal, Indian Space Research Organisation (India)
Guosheng Liu, The Florida State University (United States)
Ashis K. Mitra, National Center for Medium Range Weather
Forecasting (India)
Ravi S. Nanjundiah, Indian Institute of Science (India)
Sumant Nigam, University of Maryland, College Park (United States)
Tadashi Tsuyuki, Meteorological Research Institute (Japan)
Akiyo Yatagai, Research Institute for Humanity and Nature (Japan)

Session Chairs

- 1 Clouds and Precipitation
Guosheng Liu, The Florida State University (United States)
- 2 Aerosols and Clouds
Tiruvalam N. Krishnamurti, The Florida State University (United States)
- 3 Climate Remote Sensing and Modeling
Kohei Arai, Saga University (Japan)
- 4 Monsoon and Tropical Cyclone Applications
Ziad S. Haddad, Jet Propulsion Laboratory (United States)
