Biophotonics education and research in the FBME CTU , Prague

Miroslav Jelínek, Miroslava Vrbová

Abstract

Basic information about Faculty of Biomedical Engineering CTU will be given. This new one faculty is a part of Czech Technical University in Prague since 2005. The 5 – year study (bachelor and magisterian) is oriented on the education of student in bioengineering. One of the goal of the FBME CTU is the education of students in optics, biophotonics, lasers and in applications of optics in biomedicine and biology. The details of training and research activities will be given.
