PHOTONICS ENTHUSIAST

An enthusiasm for photonics can also be implemented in the leisure sector.

- **Activity Tracker** with optical sensor
- **Wheel Spoke Lighting** which displays images that appear to stand still
- **Grid Projection** to detect potholes and obstacles
- **Helmet Camera**
- **Sports Spectacles** with correcting curved glass
- **Rucksack** with solar panel
- **Rear Light Projection** with distance safety alert
- **High-Visibility Jacket** with LED direction indicators

**Day**

**Night**
