Publisher’s Note: Stochastic models for objects and images in oncology and virology: application to PI3K-Akt-mTOR signaling and COVID-19 disease

Harrison H. Barrett\textsuperscript{a,b} and Luca Caucci\textsuperscript{a,b}  
\textsuperscript{a}University of Arizona, Wyant College of Optical Sciences, Tucson, Arizona, United States  
\textsuperscript{b}University of Arizona, Department of Medical Imaging, Arizona, United States

The typical structure of the DOI for JMI uses the first seven digits to identify the publisher, and the final 8 digits to indicate the volume number, issue, and citation identifier (CID). The corrected DOI indicates that the article was published in Volume 8, Special Issue 1.
