[DOI: [10.1117/1.JBO.20.5.059801](https://doi.org/10.1117/1.JBO.20.5.059801)]

This article [*J. Biomed. Opt.* **20**(5), 051019 (2015)] was originally published online on 19 December 2014 with several typographical errors, described below.

On p. 8, the caption of Fig. 5 says: “Mean diffusion time of EG versus EG concentration in solution: EG study—dashed line (data taken from Ref. 33); glucose study—solid line.” The caption has been corrected to read “Mean diffusion time of EG versus EG concentration in solution: EG study—dashed line; glucose study—solid line (data taken from Ref. 33).”

On p. 9, left column, the third line of the second paragraph, in the equation $D_{\text{water/water}} = 8.9 \times 10^{-6} \text{ m}^2/\text{s}$, the units have been corrected to cm^2/s .

On p. 9, left column, the fourth line of the fourth paragraph, the line states “... of EG in water is $1.16 \times 10^{-5} \text{ m}^2/\text{s}$.” The units have been corrected to cm^2/s .

On p. 9, left column, in line twelve of the fourth paragraph, the line states “... the diffusion coefficient of water in EG as $1.8 \times 10^{-6} \text{ m}^2/\text{s}$.” The units have been corrected to “ cm^2/s ”.

This article was corrected online on 18 February 2015. It appears correctly in print.
