This article [*Opt. Eng.* **53**(8), 081910 (2014)] was originally published on 10 July 2014 with an error in the denominator of Eq. (6). The denominator should be the letter eta, as shown in the corrected equation below:

$$\mu = -\frac{1}{\eta} \ln(1 - p_{\text{det}}). \quad (6)$$

The paper was corrected online on 30 July 2014. It appears correctly in print.
