This article [Opt. Eng. 60 (5), 056105 (2021) DOI: [10.1117/1.OE.60.5.056105](https://doi.org/10.1117/1.OE.60.5.056105)] was originally published on May 24, 2021, with a normalization error in Fig. (3), which showed measurements of received power rather than attenuation.

The original figure was:

Fig. 3 Experimental and theoretical model for Gaussian beam misalignment. (a) Experimental and theoretical model for geometric and misalignment attenuation. (b) Absolute attenuation error.
