Front Matter: Volume 10150

Event: Second International Seminar on Photonics, Optics, and Its Applications (ISPhOA 2016), 2016, Bali, Indonesia
Second International Seminar on Photonics, Optics, and Its Applications (ISPhOA 2016)

Agus Muhamad Hatta
Aulia Nasution
Editors

24–25 August 2016
Legian – Kuta, Bali, Indonesia

Organized by
Department of Engineering Physics – FTI
Institut Teknologi Sepuluh Nopember (Indonesia)

Sponsored by
Ministry of Research, Technology and Higher Education (Indonesia)
The Optical Society (United States)
The Abdus Salam International Centre for Theoretical Physics (Italy)
European Optical Society
Optics and Photonics Society of Singapore (Singapore)
PT Telekomunikasi Selular (Indonesia)
Zugo Photonics Pte Ltd. (Singapore)
PT Horiba Indonesia (Indonesia)

Authors

Numbers in the index correspond to the last two digits of the six-digit citation identifier (CID) article numbering system used in Proceedings of SPIE. The first four digits reflect the volume number. Base 36 numbering is employed for the last two digits and indicates the order of articles within the volume. Numbers start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B...0Z, followed by 10-1Z, 20-2Z, etc.

4. Optical Sensing and Metrology (OSM)
   **Moh. Yasin**, Universitas Airlangga (Indonesia)
Introduction

The Second International Seminar on Photonics, Optics, and Its Applications (ISPhOA 2016) was held in Legian – Kuta, Bali. I am delighted that after the first ISPhOA in October 2014, the Department of Engineering Physics was able to hold and organize this second meeting and to attract renowned speakers and participants from many countries. Many fascinating presentations were given in the field of photonics and optics. We warmly thank you for taking this opportunity to join us and to share important new findings.

This event provides an opportunity to bring together students, scientists, and engineers involved in research and development of technologies related to photonics, optics, and its applications. The information presented includes contributions from colleagues of researchers and academicians and comes from diverse sub-topics in the optics and photonics fields.

I would like to thank the continuous support from Institut Teknologi Sepuluh Nopember (ITS) and the Faculty of Industrial Technology ITS. This meeting would not have been possible without generous funds from the Ministry of Research and Higher Education of Republic Indonesia and ITS.

I would also like to thank our sponsors who generously support this conference: PT. Telkomsel, Zugo Photonics, and PT. Horiba Indonesia. Additionally, I would like to take this opportunity to thank our co-sponsors: the International Commission of Optics (ICO), the Abdus Salam International Centre for Theoretical Physics (ICTP), the Optical Society (OSA), European Optical Society (EOS), and the Optics and Photonics Society of Singapore (OPSS). We are really grateful that this conference is also supported by the Indonesian Optical Society, OSA Indonesia Section, OSA – ITS Student Chapter and SPIE – ITS Student Chapter.

A special thank you to all members of the Advisory Committee, Steering Committee, Scientific Committee, Organizing Committee and to our distinguished international board of reviewers for all their support and advice. We would like also to extend our gratitude to our colleagues from the Faculty of Science, University of Udayana for their support.

Agus Muhamad Hatta
Aulia M.T. Nasution
