**Volume 11594**

Proceedings of SPIE 0277-786X, V. 11594

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

NDE 4.0 and Smart Structures for Industry, Smart Cities, Communication, and Energy, edited by  
Norbert G. Meyendorf, Saman Farhangdoust, Christopher Niezrecki, Proc. of SPIE Vol. 11594,  
1159401 · © 2021 SPIE · CCC code: 0277-786X/21/\$21 · doi: 10.1117/12.2597519

Proc. of SPIE Vol. 11594 1159401-1

The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at [SPIDigitalLibrary.org](http://SPIDigitalLibrary.org).

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from these proceedings:

Author(s), "Title of Paper," in *NDE 4.0 and Smart Structures for Industry, Smart Cities, Communication, and Energy*, edited by Norbert G. Meyendorf, Saman Farhangdoust, Christopher Niezrecki, Proc. of SPIE 11594, Seven-digit Article CID Number (DD/MM/YYYY); (DOI URL).

---

**Paper Numbering:** A unique citation identifier (CID) number is assigned to each article in the Proceedings of SPIE at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:

- The first five digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc. The CID Number appears on each page of the manuscript.

# Contents

---

## NDE 4.0: NEXT GENERATION NDE

---

- 11594 05    **NDE 4.0 for in-motion wheel inspection of a high-speed train via a RF energy harvesting module: an autonomous cyber-physical approach toward the smart city** [11594-3]
- 11594 09    **An advanced methodology for 3D digitization and nondestructive evaluation of monuments** [11594-7]

---

## MATERIALS, NDE, AND SENSORS FOR ENERGY SYSTEMS

---

- 11594 0F    **Effects of a cement cap on the bulk properties of cement cores embedded with optical fiber sensor prototypes** [11594-13]
- 11594 0G    **Regression model for structural health monitoring of a lab scaled bridge** [11594-18]

---

## POSTER SESSION

---

- 11594 0H    **Static performance analysis of a single layer cable net structure** [11594-14]
- 11594 0J    **Design of intrusion detection systems on the internet of things infrastructure using machine learning algorithms** [11594-16]

---

## POST-DEADLINE

---

- 11594 0K    **Probability of detection analysis in multi-hit flaw detection** [11594-20]
