10th International Symposium on Advanced Optical Manufacturing and Testing Technologies

Large Mirrors and Telescopes

Chang-Hui Rao
Christian Veillet
Xiaoliang Ma
Bin Fan
Fengchuan Liu
Manuel Collados Vera

Editors

14–17 June 2021
Chengdu, China

Organized by
IOE – Institute of Optics and Electronics, Chinese Academy of Sciences (China)

Sponsored by
COS – The Chinese Optical Society (China)
IOE – Institute of Optics and Electronics, Chinese Academy of Sciences (China)

Technical Cosponsor
SPIE

Supported by
Ministry of Science and Technology of China (China)
Chinese Academy of Sciences (China)
National Natural Science Foundation of China (China)

Published by
SPIE

Volume 12070
The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at SPIEDigitalLibrary.org.

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from these proceedings:

ISSN: 0277-786X
ISSN: 1996-756X (electronic)

Paper Numbering: A unique citation identifier [CID] number is assigned to each article in the Proceedings of SPIE at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:
• The first five digits correspond to the SPIE volume number,
• The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-12, 20-22, etc. The CID Number appears on each page of the manuscript.
